

# Data Sheet **flatbed professional**

**Technical Details:** Order Number: edc-prof-2836

Delivery complete with cooling-tubes, 3-way-valve and T-Piece

2 x power-cables (2 mm/4 mm).

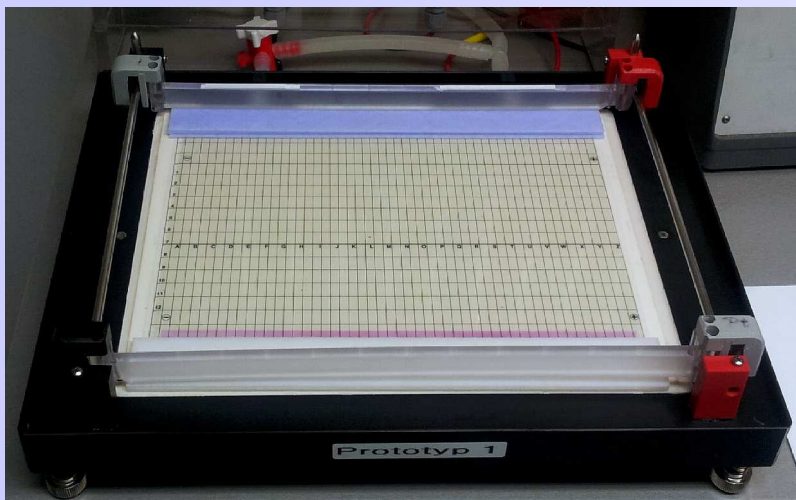

Applications: horizontal isoelectric focusing with up to 6 variable electrodes, horizontal electrophoresis up to 3 electrodes

Maximal Voltage: 6000 Volt

Electrodes: up to 6 single, pluggable and movable platinum, 5µm-electrodes. Length: 30 cm; dist.: 2 cm - 27 cm, tolerated height (gel/IPG-tray): 1 cm. Included in delivery: 2 electrodes.

Cooling: aluminiumoxyde-ceramic plate 21,5 x 26,7 cm; working range: 5°C - 40°C

Lid: can be set up in an upright position

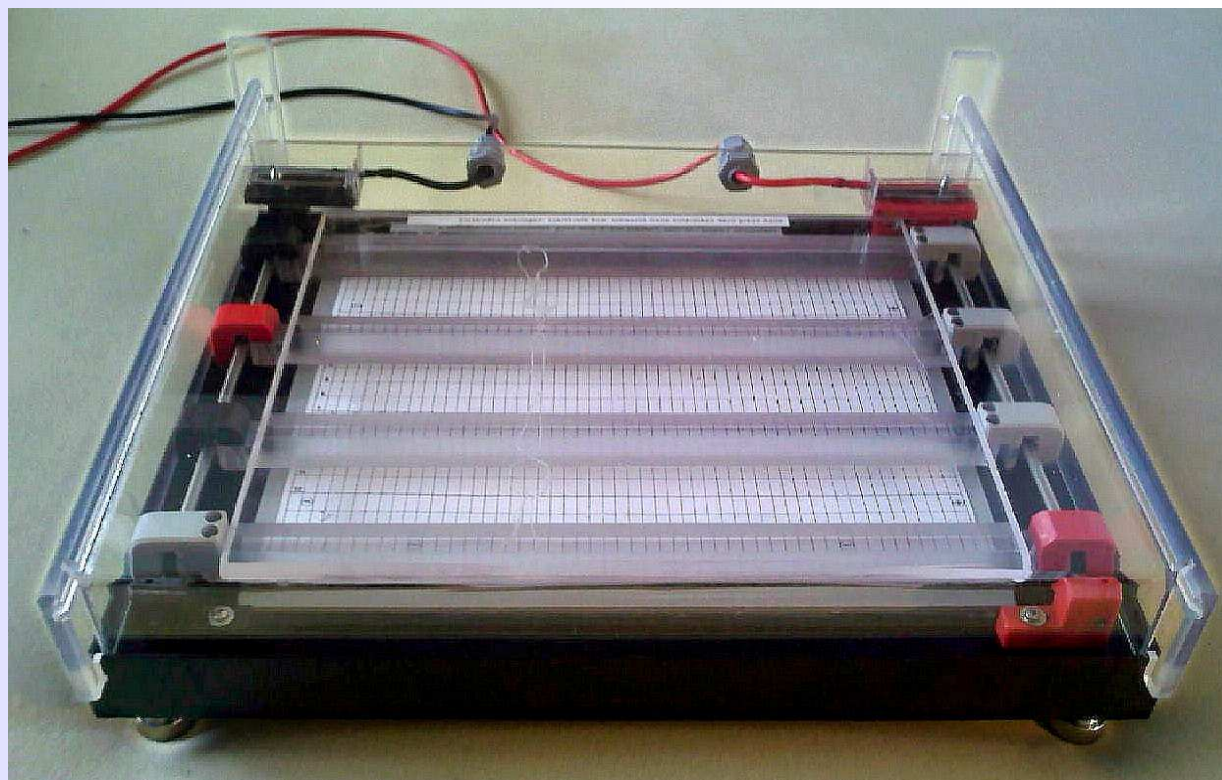

.....up to 3 electrodes for SDS pluggable

Competition: (no multiple IEF, no bidirect SDS!)

Multiphor (GE) 2.660 EUR

Blue Horizon (Serva) 2.090 EUR

selling price: **2.600 EUR**

**flatbed professional** (up to 6 electrodes for IEF)
